Dina,  
What is the SLI standard operating system ? See Peter's question below re: purchase of a new GC/MS. I think it is purely hypothetical at this point.

Hi Gary,  
You can use this quote for technical reference but ask Damon to give us our discounts. If we're short a few dollars, I really don't need the 150 position autosampler.

Julie, the quote is for WinXP. If a newer operating system is offered now, which do you want to go with considering IT issues?
